Making Miracles Happen

With Joe Nuxhall's career success, it is no surprise his memory remains strong for generations of baseball fans. Beginning his MLB career at only 15 years old, Joe was the youngest player to ever grace the professional baseball stage. His 22-year career led him to the Reds Hall of Fame and two MLB All Star game appearances. Joe's "retirement" job lasted over 40 years as half of one of the most iconic broadcasting duos in Major League Baseball history.

That might seem like enough for one man, but Joe threw another curveball. No stranger to the extraordinary, Joe left a legacy fueled by his character, compassion, and commitment to others, outweighing all of his other historic accomplishments.

With a heart-driven approach to life and a belief that every individual with every challenge should have every chance to play baseball, the dream of the Joe Nuxhall Miracle League Fields was born.

Made possible by a lot of faith, selfless giving, and community, the Miracle League brings those of all ages and abilities the joy of play and a sense of belonging.

In the 14 years since its opening, the Joe Nuxhall Miracle League Fields have served hundreds of players, given families the chance to support their special athletes in a safe and inclusive environment, caused joyful tears in the eyes of many, and brought smiles to the faces of everyone it has touched.

Those dreams have come true, in part, because of the steady support shown by attendees and sponsors of our annual fundraiser, **The Miracle Ball**. When our community comes together each year, big ideas find life—and this year, we need your support more than ever.

A place where
every individual with
every challenge gets
every chance to play.

The Miracle Ball

The Miracle Ball is a night to celebrate and support the work of The Joe Nuxhall Miracle League Fields. Each year, an important community figure is recognized with Joe Nuxhall Humanitarian Award. Funds raised support opportunities for special needs athletes of all ages at the facility.

Frank Pfriman

2026 Nuxhall Humanitarian Award Winner

Frank Pfriman is a business leader and philanthropist who has transformed our community through his kindness, generosity, and vision. A Hamilton native and proud Badin alumnus, Frank lives his life in service to others, making him an ideal choice for an award that bears Nuxy's name.
